OUR SISTER RESORT REETHI BEACH STORIES

REETHI BEACH RESORT CELEBRATES 20 YEARS OF EXCELLENT SERVICE.

Being a well renowned brand in the Maldives resort sector, Reethi Beach is one of the most moving success stories to hear of. With an eco-friendly approach and green initiatives at its core, Reethi Beach has two decades of stories to tell, ranging from touching experiences in a place you would usually regard as unfamiliar by concept, but a feel of being at home regardless of being hundreds of miles away.

it's a Reethi Day!

BY SMRUTICA JITHENDRANATH

This Reethi day, our marine biologist, Smrutica, along with the sea explorer team, installed our first "manta reef" in the sandy bay of our island. The manta shaped frame was made to plant the corals on and create an artificial reef at 10m depth (in the east corner, opposite Nala Bar). With a brief introduction to the activity, few of our guests joined in on the coral planting while diving.
