

## MONTHLY NEWSLETTER

JANUARY 2019 | ISSUE 04

As the curtains dropped on 2018 welcoming a joy filled 2019, we are pleased to share a glimpse into our Christmas and New Year celebration.

The year gone was a special and memorable one for both our properties with Reethi Beach celebrating the resort turning twenty years and Reethi Faru celebrating its first anniversary.

The Reethi Beach and Reethi Faru family wish to take a moment in thanking you for all your endless love and support over the years and more to come.

Cheers to this New Year and we hope to meet you soon!

### CHRISTMAS AND NEW YEAR AT REETHI RESORTS

#### SANTA CLAUS IS COMIN' TO TOWN

A joyous occasion by the beach, anticipating Santa's arrival to kick-start the festive celebrations. He never forgets to bring treats and sweets for all ages and knows how to make an entry either by jetski or by boat.

#### CHRISTMAS DINNER

Scrumptious, festive and an appealing aroma! Words can hardly describe how appetizing our Christmas dinners are every year. Our F&B team do not disappoint on Christmas and New Year Gala dinners, displaying a wide range of supper and delights that leave you wanting more.

#### DANCING THE NIGHT AWAY

From 80's swing music to house music, there's always something for everyone to groove to. Celebrations start early in the evening and briefly stops for the New Year countdown, only to continue open ended until the last traveler calls it a night.

#### GOODBYE 2018, HELLO 2019!

Raise your glasses, cheers to all on this sparkling new year filled with many, many opportunities ahead - an occasion best celebrated by the ocean to integrate the coming of a new year with the pristine waters of the Indian Ocean.

## ECO LUXURY AT REETHI RESORTS

Solar energy Harvesting - Installed capacity; 350 KW-H

The power cultivated is connected to our grid power and as a result our diesel consumption goes down, reducing our carbon footprint.

RO Plant - Installed capacity; 2 units of 150 cubic meter/day and 1 unit of 50 cubic meter/day These plants have inbuilt energy recovery system to reduce the energy consumption.

Waste waters are organically treated in our state of the art organic sewage treatment plant where treated water is being used for irrigation and gardening purpose and rest gets recycled back in the plant and the cycle continues.

Heat Exchangers for hot water supply to whole island and for our laundry drier room. This reduces usage of electric water heaters and commercial dryers, instead the heat exchangers tagged along to the generators produce enough heat to supply hot water for the whole island.

Bio gas plant generates bio gas from nearly all of our daily food waste and this gas fuels our kitchens.

Usage of LED lights all over the resort as an energy conservation plan.

During construction, our team avoided cutting of trees. Bigger trees which were in area of construction were safely relocated. Mobilization of machinery which would harm corals in our lagoon were avoided and where required, they were relocated.

A combination of soil stabilized earthen blocks and aerated cement concrete block in creating our buildings. Both of these materials are eco-friendly materials, functioning as natural heat insulator and keeping carbon footprint as low as possible.

## NEW MEMBER ON BOARD!

Reethi Resorts are delighted to announce the appointment of Parag Kathuria as Head of Business Development - Cluster. Reethi Resorts, operating under Mahogany Pvt Ltd, are known for their laid-back ambiance and their commitment to conservation; Reethi Beach being a model resort in starting bottling water in glass bottles back in 2010, a practice being adopted by many upcoming resorts in the Maldives.

Parag Kathuria, join Reethi Resorts from Taj Group of Hotels, where he held the position of Director of Sales & Marketing for nine years. Originating from India, Parag Kathuria has over 22 years of experience in luxury hospitality management and has taken him from roles in India to international hotels.

'Reethi Resorts are hidden treasures within the Indian Ocean, committed to providing luxurious guest experiences in a comfortable setting. I genuinely believe the properties are destined for great things and I look forward to working with my associates in taking the resorts to greater heights' says Parag.

## Socialize with us!

We would love to see your best Reethi Faru and Reethi Beach moments.
