ANNOUNCEMENT: MEMBER BACK ON BOARD!

Reethi Resorts are delighted to announce the re-appointment of Peter Gremes as General Manager of Reethi Beach Resort. The resort, operating under Mahogany Pvt Ltd for the past 18 years, are known for their laid-back ambiance and their commitment to conservation.

Peter Gremes, the general manager of the resort since 2007 until early 2018 resumed his role in December 2018. Peter is notable in his 10 year tenure with Reethi Beach for introducing a number of sustainable practices within the property and playing a role in the forming of Baa Atoll as a Biosphere Reserve. 'The most notable experience on Reethi Beach was seeing the changes happening in terms of sustainability. Shredding leaves rather than burning them, throwing food waste into a bio gas plant rather than in the sea, making hot water from the generator, fighting mosquitoes without chemicals, reducing garbage, etc., all took many years and a lot of support from the team to implement to reach the stage we are in now - but it is extremely gratifying to live and work in such clean surroundings and absolutely motivating when you get the positive comments from guests.' says Peter.
